

Physical Examinations for Students Involved in Interscholastic Athletics

Prior to a student's first participation in interscholastic athletics, he or she is required to have a physical examination and medical approval. Thereafter, a student participating in athletics must have a physical examination on a schedule recommended by his or her health care provider, but not less frequently than every two years. The pre-participation physical examination form must be on file with the athletic director before a student will be allowed to participate in try-outs or any other team activities.
