

Detention of Students

Teachers and administrators have the authority to detain students after school hours for infractions of classroom or school rules. Before assigning a student to detention, the student will be informed of the reason for the detention, and the student will be given an opportunity to explain his/her version of the incident. Teachers/administrators have the discretion to substitute alternative discipline in cases where they deem detention inappropriate.

All students detained for disciplinary purposes will be under the direct supervision of a member of the professional staff or other persons designated by the Principal/designee. Students in detention are expected to use the time constructively to complete school assignments or for other educational purposes. Students who fail to serve a scheduled detention may be subject to additional disciplinary measures.

The Superintendent/designee is authorized to develop and implement any administrative procedures necessary to carry out this policy.
